

APPLICATION DEADLINE: November 30, 2020

The City of Renton is soliciting project proposals that support and encourage tourism, cultural activities and tourism facilities in Renton, Washington. The funding source for projects awarded grant funds is the City's share of taxes collected on overnight stays (hotel/motel/lodging) within the City of Renton.

State law limits the use of lodging tax funds. All applications must be for one of the following uses:

- Tourism marketing
- Marketing and operations of special events and festivals
- Operations of tourism-related facilities owned or operated by non-profit organizations
- Operations and capital expenditures of tourism-related facilities owned by municipalities or public facilities districts only

For grant funding year 2020, the Renton City Council approved \$367,500 in grants funded by lodging taxes. As Lodging Tax funds vary from year to year, there is no guarantee of the total amount awarded or if any grant awards will be made.

*Grant Applications:*

We now only accept an online application that is available on the [VisitRentonWA.com/LTAC](https://www.visitrentonwa.com/LTAC). No paper forms will be accepted, and you must submit a separate application for each project/grant request. All Applications must include:

- Estimates of how funding the activity will result in increases to people staying overnight, traveling 50 miles or more, or coming from another state or country.
- How your project will
  - generate economic benefit through overnight lodging, sale of meals and goods, and/or construction of tourism-related facilities
  - increase recognition of Renton throughout the region as a destination for tourism
  - increase opportunities for tourism by developing new visitor activities

If you request it from them, local hoteliers will work with your organization to track information for your event or project. If you need assistance, be sure to contact them prior to submission, as priority will be given to those projects which encourage and track overnight stays.

Applications must be submitted no later than 4:30 p.m. (Pacific time) on Monday, November 30, 2020. No applications will be accepted after this deadline. Any questions concerning the application process may be directed to Cliff Long, Economic Development Director, at 425-430-6591 or [clong@rentonwa.gov](mailto:clong@rentonwa.gov).

## SELECTION PROCESS

When the application solicitation period opens, City will employ every opportunity to inform potentially eligible applicants of the funding process and its eligibility criteria. When the solicitation period closes, the Lodging Tax Advisory Committee Chair or his/her designee will review applications for completeness and eligibility. Applications will then be evaluated by the City's Lodging Tax Advisory Committee, which will make funding recommendations to the City Council. The Council will make the final decision on project approval and funding levels. Staff will then consult with sponsors of approved projects to develop contracts and scopes of work. When the sponsors and Mayor sign the contracts, staff will notify sponsors to proceed. It is very important that applicants are aware of the following.

- All contracts are reimbursement-based, i.e. the sponsor must expend funds on approved items and then seek reimbursement under terms of the governing contract.
- Costs incurred for an approved project, cannot be reimbursed until all contracts have been signed by all interested parties including the city.
- The project approval process requires two key steps:
  - a) The Council's approval of a spending plan, and
  - b) The execution of the contract by signature of the City.

Only after both steps are completed is a project sponsor authorized to begin incurring reimbursable costs.

Because of the limited amount of funding available to support assistance requests, proposals will be evaluated on a competitive basis using the following criteria.

## COMPETITIVE CRITERIA

Applications that meet the threshold criteria will be presented to the review panel for evaluation and scoring based on the following criteria. The Lodging Tax Advisory Committee may recommend full, partial or no funding for each project. The review panel will independently determine the level of funding for each project based on each project's individual merit and components. A maximum of 100 points can be awarded in this area.

1. Project Impact. How will the City of Renton and/or the citizens be impacted by this project? 25 points
2. Clarity. Does the proposal clearly and concisely present a definite, well-described product for which the City's assistance is being sought? If appropriate to do so, does the proposal describe how the City-supported product will be integrated into a larger effort (e.g., a brochure which promotes a cultural event: does the proposal describe the brochure as well as summarizing the purpose and scope of the event and the role the brochure will play in its success)? 20 points
3. Cost-effectiveness. Does the project propose an efficient, economical use of the City's funds? 20 points
4. Degree of match. What is the proponent's percentage of matching resource? A match of at least 25% of the total project value (City funds plus sponsor's share) is required; a higher rate will improve a project's stature accordingly. 10 points
5. Marketing. How will the proposed project be marketed and how will that marketing recognize the City's participation? 10 points
6. Innovation. Does the project represent an unusual approach, or does it move the City's Hotel/Motel program in a useful new direction? 10 points
7. Cooperative nature. What kind and degree of inter-organizational or inter-jurisdictional partnership does the project exhibit? 5 points

## BONUS POINTS

The City has an interest in spreading the impacts of tourism more evenly over the entire year, expanding overnight stays, and in acting as a partner with other jurisdictions that collect their own Hotel/Motel funds. Bonus points will be accorded to proposals that can convince the Lodging Tax Advisory Committee that, if funded, the projects will advance these goals. A maximum of 20 additional points can be awarded in this area.

1. Off-season development. Will the project promote tourism development during the off-season (September 1 through June 30)? 10 points
2. Overnight visitorship. Has the project convincingly established that it will attract overnight visitorship? If so, does it quantify the anticipated stays and offer a credible method for corroborating the projections? 10 points
